

VAGNER DA SILVA ROSNOSKI

SOFTWARE DEVELOPER

ABOUT ME

I have been employed at the courthouse for 8 years, but I am now seeking a career transition into the field of IT. I am currently studying to obtain a degree in software engineering and taking online courses to enhance my skills in both front-end and back-end technologies.

EXPERIENCE

SWORN CLERK - COURT OF JUSTICE OF THE STATE OF PARANÁ

Mar 2015 - Today

I work as a "Escrivente Juramentado" which is a specific term to the Brazilian legal system and does not have an exact equivalent in English. However, it can be loosely translated as a "Sworn Clerk" or "Sworn Notary" in English. I'm a professional who is authorized to perform legal and administrative tasks within the court system, such as drafting documents, recording proceedings, and providing support to judges and attorneys. I also gained experience working in public hearings and contributed to the digitization of lawsuits.

DEVELOPER – PERSONAL PROJECT

- Today

<https://petnationbr.com>

PETNATION – REACT/SPRING BOOT/MYSQL/AWS

Website and App where users can register pets and contact information in order to generate a QR code that leads to the specific pet page. Inside the website you can also register pets for adoption and see a list of pets that you can adopt.

ASSISTANT CLERK – INTERNSHIP - COURT OF JUSTICE OF THE STATE OF PARANÁ

Feb 2014 – Dec 2014

When I was finishing high school I got an internship as an assistant clerk. During the first month, I primarily underwent an introduction to the work environment. After that, I transitioned into providing support and assistance in the court office, helping with administrative tasks, document preparation, record-keeping, and other duties related to the functioning of the office.
